1. Study Title: The Effects of Migraine Headaches on Attention
2. The purpose of this research project is to determine whether there is an effect between migraine headaches and one's ability to concentrate. The study will be conducted online through Qualtrics and you will spend approximately 20 minutes completing one questionnaire about migraine headache symptoms.
3. Inclusion criteria: You are eligible to participate if you are aged 18 or older and have a past history of migraine headaches.
4. Exclusion criteria: You are ineligible to participate if you are under the age of 18 and have no history of migraine headaches.
5. There are no risks involved in participating in the study. If your project could elicit emotional or psychological issues in the subjects, you need to insert contact information for relevant support services in this consent. When possible, the listings need to be local and national. Please contact the IRB office if you have questions.
6. The following investigators are available for questions about this study. Dr. John Doe, 225-578-0001 and Dr. Jane Doe, 225-578-0002.
7. Subjects may choose not to participate or to withdraw from the study at any time without penalty or loss of any benefit to which they might otherwise be entitled.
8. Results of the study may be published, but no names or identifying information will be included in the publication. Subject identity will remain confidential unless disclosure is required by law.
9. This study has been approved by the LSU IRB. For questions concerning participant rights, please contact the IRB Chair, Alex Cohen, at 225-578-8692 or irb@lsu.edu.
10. By continuing to this survey, you are giving consent to participate in this study.
11. Your information or biospecimens collected as part of the research, even if identifiers are removed, may be used or distributed for future research.
